Fnf character testing

FNF Character Test Playground Remake is a fan-created expansion of the beloved rhythm game, Friday Night Funkin'. This modification provides players with an immersive playground to explore and interact with the diverse cast of characters featured in the FNF universe. Unlike the traditional gameplay, the remake focuses on testing and experimenting with the characters' abilities and interactions in a more casual setting.**Key Features:****Expanded Roster:** The remake introduces additional characters beyond the ones present in the original game. Players can select from a wider array of personalities, each with unique musical styles and challenges.**Interactive Playground:** Instead of structured battles, the game offers a playground setting where players can freely interact with characters. Experiment with different character combinations, discover hidden dialogues and unlock special interactions by exploring the environment.**Customization Options:** Players can customize their gaming experience by adjusting various settings, such as the tempo of the music, difficulty levels, and visual styles. This allows for a personalized and tailored gameplay experience.**New Music Tracks:** Enjoy a fresh set of music tracks composed specifically for the Character Test Playground Remake. Immerse yourself in the diverse sounds of the FNF universe, showcasing the talents of both new and familiar characters.**Unlockables and Easter Eggs:** Discover hidden secrets, unlock special abilities, and encounter Easter eggs as you navigate the playground. This adds an element of exploration and curiosity to the gaming experience.**Community Features:** Share your experiences and creations with the FNF community. The remake may include features that allow players to create and share their own character interactions, levels, and modifications. **Instructions**Using Mouse and Keyboard **Friday Night Funkin Vs. It's like a giant playground where you get to play with all sorts of tools and objects to create super fun and sometimes crazy situations. The best part? It's all about ragdoll physics, which means you can do things like shoot, stab, burn, and more to these silly ragdolls in a big open space. It's like a funny and sometimes a little bit silly way to see what happens when you mix things up! You've got a bunch of tools and devices at your fingertips, from cool guns and explosives to medical gear and even superpowers! Mix and match them, create awesome chain reactions, or just let your imagination go wild as you mess around with the ragdolls and the world around them. But hey, it's not just about causing mayhem – you can also use your brain to solve problems and create cool machines. Build traps, contraptions, or even crazy Rube Goldberg machines to see how they interact with the funny ragdolls. You're only limited by your creativity! Even though the game can get a little wild and sometimes things go boom, Humans Playground has a bunch of fans who love the mix of physics fun and silly humor. It's a place where you can try out all sorts of crazy experiments and see what happens, giving you a cool way to be creative and have a ton of fun. So, if you've ever wondered what it's like to do wild and wacky experiments on virtual ragdolls, Humans Playground is the place to be! **Friday Night Funkin' vs Sonic.EXE Friday Night Funkin' vs Indie Cross FNF Sprunkin' FNF vs Rainbow Friends** Test your favorite Friday Night Funkin characters in a single game! Take in mind that this game will get updates from time to time with new characters, so, each time you visit it you will find new stages to play! Currently, in this FNF TestGround, you will find the following characters to test around: AGOTI Garcello Luca Whitty Flippy (Fligpy) Girlfriend Monika Ruv Shaggy TrickyMiku**TO BE CONTINUED...** As you can see, there are today 11 different characters to test. Each one comes with multiple animations, cutscenes, hidden animations, tricks, vocals, and instrumentals. All the FNF Test games in a single, big and awesome playground! You can play FNF TestGround in full-screen too! In the right of the game, you have an icon with an 'i' from the information. Hit it to see all the credentials for each character from the game. Use the arrows to move up and down to see all the FNF characters. Hit the head to load the game. I tried to make this game unblocked, but I'm not 100% it will work from the school computers. Please have patience. Some Friday Night Funkin' test mods will load slowly because they are big - for example, FNF Tricky Test. A new and improved Friday Night Funkin test game mod - FNF TestGround! I will try to update the game as much as I can! Oh, this game is made in Construct 3, so, it is compatible with any device that supports HTML5, including computers, laptops, tablets, phones, and even some smartwatches. Did I say that the game is free, online, and awesome? If you like it, please don't forget to rate it and share it with your friend! Have fun! :)**
