Pero el delicado, romántico y detallista "Chico del pan" ya no es la misma persona que Katniss Everdeen (Jennifer Lawrence) concibió. ¿Que le han hecho? Después de mucho tratamiento y de terapia, el estado de Peeta parece mejorar. No obstante, su actitud ya no es la del joven con esperanza y fortaleza que era capaz de calmar las peores pesadillas de Katniss. Por eso, la heroína de los Juegos del Hambre y superviviente del Tercer Vasallaje de los 25 no puede evitar sentirse culpable por el estado de su compañero. Además, su relación con Gale Hawthorne (Liam Hemsworth) empieza a hacerse cada vez más inestable. Y es que, a Katniss le interesa más otro objetivo: ¡Matar al presidente Snow! Asociándose con un grupo de sus amigos más cercanos, que incluyen a Gale, Finnick (Sam Claflin) y Peeta, Katniss sale en una arriesgada misión para liberar a los ciudadanos de Panem. La heroína acabará en territorio enemigo, dentro del Capitolio, decidida a terminar con el presidente Snow (Donald Sutherland), que cada vez está más obsesionado con la destrucción de Katniss. En su lucha contra el Capitolio, y gracias a la ayuda del experto en electrónica y ex tributo del Distrito 3 Beetee (Jeffrey Wright), "La Chica en Llamas" empieza a manejar un arco especial. En este último desafío lleno de trampas, enemigos, y decisiones morales, Katniss se dará cuenta de que no sólo está en juego su propia supervivencia, sino también el futuro de todos. ¿Quién sobrevivirá y quién morirá? ¿Qué decidirán los vencedores? ¿Continuarán los Juegos? Y en el terreno amoroso, ¿acabará eligiendo Katniss al atractivo Gale o al tiempo aunque emocionalmente dañado Peeta? Cuarta y última película de la saga literaria Los juegos del hambre de la escritora estadounidense Suzanne Collins. Hollywood hará todo lo posible por evitarlo, pero llega un momento en el que toda franquicia llega a su final y este próximo viernes 27 de noviembre será 'Los Juegos del Hambre' la que estrene en España es la cuarta y última entrega de la adaptación de la obra de Suzanne Collins. Lo suyo hubiera sido que se estrenara el pasado viernes, pero eOne España decidió aplazarlo siete días para no tener que enfrentarse a 'Ocho Apellidos Catalanes'. 'Los Juegos del Hambre: Sinsajo - Parte 2' (The Hunger Games: Mockingjay - Part 2) ha gozado de una buena acogida por parte de la crítica americana, superando ligeramente lo conseguido por la decepcionante tercera parte, pero quedándose algo lejos de las dos primeras. Parece que la decisión de dividir en dos el libro original ha jugado en su contra en términos artísticos, pero nadie duda de que su inevitable éxito comercial hará que eso importe bien poco a sus responsables. Francis Lawrence, el director Nacido el 26 de marzo de 1971 en Austria, Francis Lawrence se hizo un nombre como director de videoclips para artistas como Green Day, Britney Spears, Avril Lavigne, Aerosmith, Lady Gaga, Pink o Shakira, y también rodando spots publicitarios para las campañas de empresas como Coca Cola, Calvin Klein, Bacardi o McDonalds. Su primera experiencia en la gran pantalla fue como asistente de Anton Vassil en la poco conocida 'Marching Out of Time', tardando más de una década en regresar, esta vez ya como director, en 'Constantine'. Su primer gran éxito llegó en 2007 con 'Soy Leyenda' (I Am Legend), gozando también de una buena acogida por parte del público 'Agua para Elefantes' (Water For Elephants), su tercer largometraje que logró una taquilla que triplicó su presupuesto. Tras volver a coquetear con la televisión -ya en 2009 grabó tres episodios de 'Kings', pero no dudó en acudir a la llamada de los productores cuando no lograron llegar a un acuerdo con Gary Ross para que se ocupase de la excelente 'Los Juegos del Hambre: En Llamas' (The Hunger Games: Catching Fire). Tan satisfechos quedaron todos con su trabajo que no dudaron en llegar a un acuerdo con él para que también se ocupase de las dos entregas de Sinsajo. Por el momento se desconoce cuál será su siguiente trabajo tras las cámaras. Jennifer Lawrence lidera de nuevo un lujoso reparto Jennifer Lawrence es la actriz mejor pagada y también la más solicitada de Hollywood. Un logro increíble si tenemos en cuenta que apenas tiene 25 años y que no fue hasta el estreno de 'Winter's Bone' cuando empezó a llamar la atención tanto del público como de la industria. Ha estrenado poco más de una decena de títulos desde entonces, pero es que ya tiene un Oscar en su casa por su participación en 'El Lado Bueno de las Cosas' (Silver Linings Playbook), liderada la franquicia que nos ocupa y también ha sido uno de los rostros más reconocibles del relanzamiento de los X-Men en la gran pantalla. No parece haber límite para ella. Sus dos principales acompañantes vuelven a ser Josh Hutcherson y Liam Hemsworth metiéndose en la piel de Peeta y Gale, los dos intereses románticos de Katniss. La carrera de ambos palidece al lado de la Lawrence, pero al primero hemos podido verle en la reindicable 'Castigo Mortal' (Detention) y en la estimable 'Escobar: Paraíso Perdido' (Escobar: Paradise Lost), mientras que el segundo ha participado, entre otras, en la apreciable 'Cut Bank' la muy entretenida 'Los Mercenarios 2' (The Expendables 2) y dentro de no mucho será uno de los protagonistas de la esperada secuela de 'Independence Day'. El amplio y lujoso reparto de 'Los Juegos del Hambre: Sinsajo - Parte 2' nos permite reencontrarnos con Woody Harrelson, Donald Sutherland, Julianne Moore, Natalie Dormer, Sam Claflin, Elizabeth Banks, Stanley Tucci, Jena Malone, Jeffrey Wright y Philip Seymour Hoffman en el que va a ser el último trabajo que veamos del protagonista de cintas como 'Happiness', 'Truman Capote' o 'El hombre más buscado' (A Most Wanted Man). A staggered story structure and some confusing editing diminish the movie's impact, but MOCKINGJAY - PART 2 has a strong moral worldview with a strong heroine and also promotes American values like liberty and representative government. Some intense, scary violence is the major caution for this movie, which happily (and wisely) contains no foul language or lewd content. MOCKINGJAY - PART 2 begins in the underground bunkers of District 13, where Katniss is recovering from her brainwashed friend, Peeta's, attack on her in PART 1. Peeta is still affected by the brainwashing he suffered at the hands of Panem's evil dictator, President Snow. He's been forcibly led to believe that Katniss is the cause of all the pain, including the war between Snow and the rebels and the death of his family. After a bombing raid and small battle with District 2, which has sided with President Snow and the nation's capitol, it's time for the final assault on the capitol. All the rebel districts have now been combined under the leadership of District 13's President Coin. However, Coin doesn't want Katniss to take part in the final assault. She wants to keep her behind the scenes as a mere propaganda tool, probably because, the movie suggests, Coin now sees her as a political threat. Katniss chafes at this turn of events. She decides the best way to stop more deaths and casualties in this war is to secretly join the assault and make her way to President Snow's mansion to assassinate him. She's discovered, however, and President Coin and her advisor, Plutarch, place her with a small platoon designed to shoot live propaganda images away from the major assault. The platoon's mission is more dangerous than it might first appear, because President Snow has laced the capitol with all sorts of deadly booby traps. The rebels have obtained a map of these traps, but new traps may have been built since they obtained this map. Making matters worse for the platoon, President Coin has sent Peeta to join Katniss and her friends, which also include Gale, Finnick, Johanna, Cressida, Pollux, and Castor. Coin figures that, if they can show that Peeta has rejoined the rebels, it will be another propaganda victory. Peeta is starting to come out of the brainwashing, remembering some of his past with Katniss, but he still might snap at any time and try to kill her and the others. The stage is set for a dramatic conclusion as Katniss and her friends slowly make their way toward President Snow. THE HUNGER GAMES: MOCKINGJAY - PART 2 has moments of intense excitement, dynamic character development and dazzling visuals. Even though the middle is filled with many action sequences that don't build the characters or plot, the overall arc of love triumphing over evil is strong. A long action scene where Katniss and her friends encounter angry humanoid creatures with no eyes and sharp teeth in the capitol's underground sewers is edited so fast and shot so unclearly that the action is almost just one big blur, where viewers can easily lose sight of what's happening to whom. Overall, the movie is entertaining and many of the scenes are extremely exciting. Additionally, there are some surprising twists and turns that fit in really well with the HUNGER GAMES trilogy's warning against totalitarian, big government tyranny and dictatorship. That said, the final movie in the trilogy doesn't quite go far enough. Although the heroine and her closest friends support the free election of a new president, there's no mention of having free elections for a legislature or the establishment of a just judicial system. Without a legislature and a judicial system to put some controls on a president and his or her administration, you can't have true liberty. However, MOCKINGJAY - PART 2's strong moral worldview also promotes enduring, faithful love, favors a humane war that tries to minimize civilian casualties where possible, and exposes the dangers of propaganda and the dangers of believing that the ends justifies the means. Even so, God isn't mentioned in the movie. There's not even so much as a "Godspeed" in the dialogue. So, MOCKINGJAY - PART 2 is a movie made for a Post-Christian society. It only has light redemptive content referring rather obliquely to such things as sacrifice or repentance. At one point, Katniss the heroine even tells a lie to the platoon, though later, when Katniss admits her lie, the movie reveals that everyone in the platoon knew she was telling a lie at the time and went along with it anyway because they believe in Katniss wholeheartedly. Despite this, MOVIEGUIDE®'s sympathy for Katniss took a hit with the telling of this lie. On a much more positive note, at the end of the movie, there is a possible allusion to Philipians 4:8, where Paul tells Christians to concentrate on the good, true, just, and beautiful things in life. Thus, Katniss says at the end that, despite the nightmares she has seen and experienced, she chooses to focus on good things, including good memories, and that is what truly gives her strength and peace to live a good and even better life. MOCKINGJAY - PART 2 has some intense and even scary scenes of violence, so it warrants a caution for older children and teenagers. Moviegoers might also want to be concerned about the movie's assassination plot. However, it's totally free of any foul language or lewd content. MOVIEGUIDE® couldn't be happier about that fact, especially since the final HUNGER GAMES movie is clearly intended to attract as many older pre-adolescents and teenagers as possible. 30 días gratis Luego 99,00 MXN / mes Latitude and Longitude are the units that represent the coordinates at a geographic coordinate system. To make a search, use the name of a place, city, state, or address, or click the location on the map to find lat long coordinates. Lat Long 0.0 GPS Coordinates 0 0 Just like every actual house has its address (which includes the number, the name of the street, city, etc), every single point on the surface of earth can be specified by the latitude and longitude coordinates. Therefore, by using latitude and longitude we can specify virtually any point on earth. The latitude has the symbol of phi, and it shows the angle between the straight line in the certain point and the equatorial plane. The latitude is specified by degrees, starting from 0° and ending up with 90° to both sides of the equator, making latitude Northern and Southern. The equator is the line with 0° latitude. The longitude has the symbol of lambda and is another angular coordinate defining the position of a point on a surface of earth. The longitude is defined as an angle pointing west or east from the Greenwich Meridian, which is taken as the Prime Meridian. The longitude can be defined maximum as 180° east from the Prime Meridian and 180° west from the Prime Meridian. Both latitude and longitude are measured in degrees, which are in turn divided into minutes and seconds. For example, the tropical zone which is located to the south and to the north from the Equator is determined by the limits of 23°26'13.7" S and 23°26'13.7" N. Or. For example, the geographical coordinates of the mount Ngauruhoe in New Zealand, famous with its being the filming area for the Lord of the Rings movie, has the geographic coordinates of 39°09'24.6"S 175°37'55.8"E. About Lat Long Latlong.net is an online geographic tool that can be used to lookup latitude and longitude of a place, and get its coordinates on map. You can search for a place using a city's or town's name, as well as the name of special places, and the correct lat long coordinates will be shown at the bottom of the latitude longitude finder form. At that, the place you found will be displayed with the point marker centered on map. Also the gps coordinates will be displayed below the map.
