STANDARD 100 by OEKO-TEX® I have been trying to find sheets to fit my deep mattress but they have all been tight or ridiculously expensive. See our price match guarantee. Many people use a fitted sheet both for both comfort and appearance as well as to protect their mattress. Why are there so many different fitted sheets available at Spotlight? Spotlight stocks bed linen from a number of leading manufacturers such as KOO, Emerald Hill and Brampton House among others. Fitted sheets can be purchased by themselves, together with flat sheets and pillowcases, or as complete sheet set. Some fitted sheets at Spotlight are also sold as fitted sheet sets, which means they will include one (for a single) or two (for double, queen and king size) pillow cases, but no matching flat sheet. Our range of fitted sheets at Spotlight are available in single, king single, double, queen and king size and come in a variety of colours, fabrics and designs. Why use fitted sheets? Fitted sheets are specifically designed with an elastic on each corner in order to make them fit perfectly around your mattress. Once placed over the mattress, you will not have to worry about the sheet moving in the night, even if you are a very restless sleeper. 2 people found this review helpful 0 people did not find this review helpful Please tell us why you are reporting this review?
